Summary

Motivated and enthusiastic IT student with proficiency in Java, Web Development, SQL, and Machine Learning. Dedicated to applying technical knowledge and strong problem-solving to address real-world challenges. Eager to continuously learn and grow in the field of technology.

Key Skills

• Languages: Java, SQL
• Frontend: HTML, CSS, React.js
• Backend: PHP, MySQL, Node.js, MongoDB
• Tools: Git, GitHub, VS Code

Education

Bachelor of Engineering in Information Technology   Graduation Year : 2026

MET Institute of Engineering, Nashik   CGPA : 7.07 (Latest Semester)

Internship Experience

Company : Netleap IT Training and Solutions   Duration: 1–Jan–2025 to 15-Feb-2025
Role : Web Development Intern

Project : Real Estate Management System
Technologies Used: HTML, CSS, JavaScript, PHP and MySQL
• Created daily and weekly progress reports to document completed tasks, enabling transparent communication with the team.
• Designed and developed a web-based platform for users to search for houses, flats, or shops to buy, sell, or rent.
• Implemented a secure registration and login system, allowing users to save property listings and contact owners efficiently.

Project Experience

Food Donation Network
Technologies Used: HTML, CSS, React.js, Node.js and MongoDB
• Built a web platform to connect food donors with individuals and organizations in need. Implemented secure user authentication and role-based access (admin, user, volunteer).
• Developed features for posting, viewing, and managing food donations. Created admin dashboards to manage users, donations, and volunteers.

• Integrated email notifications for password resets and user communications. Aimed to reduce food waste and fight hunger in local communities.
